WARNING SYSTEMS SURVEY COMMITTEE

Room BC 956
Pentagon

18 December 1958

MEMORANDUM FOR: Secretariat, United States Intelligence Board

SUBJECT : Revision of Warning Systems Survey Committee Charter

REFERENCE : 1. IAC-M-289, 14 May 1957, Item 3
2. NIC S-7-3054, 28 October 1957 (Charter)

1. In connection with the over all review of the terms of reference of USIB subcommittees, I hereby report that a review of the terms of reference of the WSSC has failed to show any good reason for altering the terms of reference with the exception of substituting "USIB" for "IAC" wherever this abbreviation occurs.

2. Inasmuch as the membership of the WSSC includes the NSA, these Terms of Reference appear to have anticipated the composition of the USIB and continue to be modern and up to date.
